Friends Pay Last Tribute to 'Hermit'

More than 50 Villagers and visitors, friends of Eddie Fitzgerald, known as the 'Hermit' of Palm Springs, although he always disclaimed he was that, paid their last respects to the man who lived as he wanted to, at his funeral Monday afternoon.

Eddie Fitzgerald was laid to rest in a suit bought by the Paul Ohrt, probably the first suit he wore since coming to Palm Springs. The Ohrts also sparked a fund to give Fitzgerald an honorable resting place in Palm Springs cemetery.

Dr. James H. Blackstone, Jr. of Palm Springs Community church officiated at the last rites with Wifeless and Son in charge of arrangements.

Traffic Mishap Takes \$350 Toll

Damage estimated at \$350 was caused to vehicles driven by Olive K. Mouthe, Poland, Ohio, in an accident at 3:34 p.m., Saturday, in the 400 block of South Palm Canyon drive.

Both vehicles were traveling south on Palm Canyon, when Mrs. Mouthe slowed her vehicle in preparation for a left turn, officers reported. Her car was struck in the rear by the Koedyker car.

Damage to Mrs. Mouthe's car was estimated at \$100, and to Miss Koedyker's \$250.

Police Load Mounting Says Chief Kettmann in Report

An increase in volume of Police department cases was noted during February, calling for additional investigation and the precautionary effect of more frequent patrol, Police Chief August G. Kettmann revealed today in his monthly report.

As examples, petty thefts jumped from 21 to 32, and grand theft auto increased from three to four, Kettmann said. Of the latter, two cases were unfounded.

Sixty-three arrests were made during the month, with 163 citations issued for traffic violations.

El Mirador Photo by Jim Frey
HORSES were the topic of conversation this weekend when Lt. Governor Harold "Butch" Powers and Bob Simons got together at El Mirador. Simons, formerly attorney for Republic Films is the owner of Danny Woodman, the palomino quarter horse that just won the Pacific Coast championship, and he has recently been listed in "Who's Who in the Horse World." The Lt. Governor, of course, is a cattleman and has been named as a trustee for the National Rodeo Hall of Fame Foundation, which honors past and present cowboys and perpetuates the deeds and cherishes the heritage of the West. Pictured, left to right, Simons, Cowboy Singer Tex Kidwell, Gretchen Clarke, and Lt. Governor Powers.

First definite event to be set for the Circus celebration April 14 through 17 is the Palm Springs Square Dance Jamboree on the final day, Sunday, at Tamarisk Park, co-sponsored by the City Recreation department and the Cactus Jumpers Square Dance Club of Palm Springs.

Howard Haddock, city recreation chairman, and Mark Hopp are co-chairmen of the event. All profits will go to the Desert Circus charity fund.

MORAL RE-ARMAMENT PLAYS TO OPEN SUNDAY

(Photo on Page 2b)
After performing to packed houses at Santa Barbara last week, the Moral-Re-Armament players open in Redlands tomorrow where two plays will be given Friday and Saturday night, and on to Palm Springs where three plays will be presented at the Plaza Theater Sunday, Monday and Tuesday evenings, March 27, 28 and 29.

More than 100 members of the Moral Re-Armament group which has been in Southern California for several weeks following the staging of the plays in Washington, D. C. will accompany the players.

As is the custom everywhere they are given the plays without admission charge, it was explained by the MRA representatives here to arrange for the shows. A reservation section will be held for those who request seats in advance by calling at the Plaza theater or phoning 5091, it was announced.

THE THREE PLAYS to be presented here are: "The Man With The Key" including Reginald Owen in the cast, which takes the audience behind the scenes at a modern international conference Sunday Night; "The Dictator's Slippers," a timely story of the shifts of power in a dictatorship, Monday; and "The Real News" which portrays the struggle for power in a great newspaper and tells of men who write the news and whose decisions shape a nation's future, Tuesday. Time of the plays is 8:15 p.m.

The MRA plays were brought here at the request of a group of Palm Springs residents who saw them in India a few weeks ago. They have been playing to capacity houses everywhere they have been staged in Southern California during the past two months. Interest in Moral Re-Armament here was aroused

File Condemnation Suit to Acquire Parking Lot

Action Begun on Downtown Liebling Site

Negotiations for Purchase Fail and Case Goes to Court

Condemnation proceedings against the Liebling property were started yesterday by the City of Palm Springs in Superior Court in India, in the first step of acquisition of the land for use as an off-street parking lot.

Negotiations had been under way between the city and A. M. Liebling, but proved unsuccessful, according to City Manager R. W. Peterson.

The city offered \$150,000, more than the appraised price, and Liebling had remained unchanged from his original quotation of \$200,000.

Simultaneous with the start of condemnation, a petition is being circulated among property owners in the proposed parking district, which would express their approval of establishment of the district. Property owners had indicated informal approval of sharing in the cost at a recent meeting.

The condemnation proceeding, which would establish a price on the land as of the date action was taken, may be stopped if property owners do not express sufficient interest, or if negotiations are resumed and prove successful, Peterson said.

Kiwanis Club Talks Wading Pool Plans

Board of directors of Kiwanis club met Tuesday after the regular meeting of the members at El Mirador hotel, to discuss plans for the wading pool they will build for youngsters here.

Proceeds from the annual peanut sale staged last Thursday will provide funds for construction of the pool.

Kauren B. Miner, quartermaster Third class, USN, Palm Springs was on board the destroyer, USS Isherwood during the evacuation of Tachen islands, according to report from the Fleet News Center at Great Lakes, Ill.

Thieves Use Truck to Cart Away Loot

Theft of 35 sheets of plywood and 22 pieces of aluminum sash from a new construction job at Outpost Estates was discovered by sheriff's deputies early Sunday morning after they received a report from a neighbor that a truck had left the scene without the use of lights.

Top Entertainment Stars to Appear at Police Ball

Greatest Police Show and Dance in its six year history will be presented Saturday evening at the high school quadrangle, with a capacity crowd in excess of 3,000 expected to attend the Palm Springs Police Officers Association sponsored event.

Top stars of the entertainment world, including Bob Hope, Frank Sinatra, Eddie Cantor, Phil Harris, Gordon MacRae, Charles Farrell and Vera Ellen have promised to appear, and commitments from other leading personalities are expected before Saturday.

George Jessel will be in his familiar role of master of ceremonies.

REVERSING THE USUAL procedure, Mayor Fred Peterson of Portland, Oregon, presents the key to his city to Palm Springs Mayor Florian Boyd, right, when welcomed at Palm Springs airport Saturday afternoon. Watching the presentation are J. N. Barde, left, and Robert Hudson of Portland and Palm Springs.

Portland Mayor Honored Here by City Officials

Palm Springs city officials, headed by Mayor Florian Boyd, Chamber of Commerce and local Shrine Club officials joined the Committee of Twenty-five in honoring Mayor Fred Peterson of Portland, Oregon, at a luncheon at the club house Monday.

The mayor and his wife were welcomed on their arrival at Palm Springs airport Saturday, and the mayor reversed the usual process by presenting a "Key" to the City of Portland to Mayor Boyd.

Mayor Peterson, who is rumored as a possible candidate for governor of Oregon, paid high tribute to Palm Springs at the luncheon.

"This (Palm Springs) is the most fabulous thing I've ever seen," he told the group assembled in his honor. "No place except in California, and no place except Palm Springs, could this happen to be."

"Everything I have heard from our many residents who vacation or live here is true," he added.

Mayor and Mrs. Peterson are guests of J. N. Barde, 816 North Patencio road, while in the Village.

Cancer Drive in Village Lagging

Details of a broadcast of aims, ideals and objectives of the American Cancer Society were planned yesterday at a meeting of local officials at the home of the unit chairman, Mrs. Milton M. Portis. Others present were Mrs. John Clark, education chairman, and Miss Ruth Sougey, secretary.

The 10-minute broadcast over KCMJ will start at 3:50 p.m. Thursday, with Dr. William Elliott and Mrs. Portis participating.

Villagers who have not as yet donated to the current Cancer fund drive are asked to do so immediately. Contributions may be sent to Cancer, Palm Springs.

The drive for funds has not quite reached the halfway mark, Mrs. Portis said.

Knight Urges Cooperation in CD Study

Village residents were asked this week by Governor Goodwin J. Knight to cooperate with local Civil Defense authorities in the city-wide study of disaster care resources.

In a telegram to Mayor Florian Boyd, Governor Knight stressed the importance of the survey, which covers billing, clothing, food, supply, mass shelter area, utilities, hospitals and medical aid.

Results of the survey here will be used in coordinating dispersal plans for metropolitan areas.

Segundo Files Election Protest

Frank Segundo, candidate for vice chairman of the Tribal Council of the Agua Caliente Band of Mission Indians, announced this week that he is contesting the absentee ballot which decided the election in favor of incumbent Laverne Saubel, and will submit his complaint to the Tribal Council at its next meeting April 12.

Segundo and Mrs. Saubel were tied after the regular balloting, with the absentee ballot from Korea deciding the office.

Have Fun and Help Others, Appeal in Boys' Ranch Fiesta

"Have fun so underprivileged youths may have fun." This is the appeal of a group of Palm Springs citizens who this week started plans for a Fiesta as a benefit for Mickey Finn's Boys Ranch.

The Fiesta, complete with authentic Mexican food and leading entertainers, will be held Wednesday evening, April 13, at the Howard Manor.

THE GROUP of Villagers, aware that Mickey Finn's Ranch has been forced to discontinue its vital youth rehabilitation work, decided to take action to raise sufficient funds for the Ranch to operate for at least one month.

Present at the initial planning session Tuesday noon were Bob Howard, Bob Higgins and George Strobe, who are co-chairmen; Bill Scharf, Rudy Salazar, Bea Byron and Finn.

PLEDGES OF SUPPORT quickly were given by those present, and by other persons contacted.

Appellate Court Denies Writ in Districting Case

City Attorney Jerry Bunker received word Monday from the Fourth Appellate District Court of Appeals, San Bernardino, that it had denied the application of Attorney Leonard Book for a writ of mandamus seeking to force the Palm Springs city council to declare the redistricting ordinance valid, or show cause why it would not do so.

Book, following the recent election which saw the ordinance defeated, had asked the State Supreme Court to take action, and the court referred the matter to the Fourth Appellate District.

Cub Scouts to Go on "Gold Rush"

Palm Springs Cub Scouts and their families will go on an annual "Gold Rush" outing in Tahquitz Canyon Saturday, with the Cubs participating in panning for gold and searching for lost mines.

A picnic lunch will be served, contests held and awards made, according to Jimmy Morton.

About 100 Cubs and their families are expected to go on the outing.

TICKETS ARE AVAILABLE at the Howard Manor, Doll House, El Mirador, Palm House, Chi Chi and the Wars Memorial building.

Mickey Finn's Boys Ranch was started last year by the former Los Angeles policeman, to rehabilitate youths who had experienced minor difficulty with the law. More than 100 boys were at the camp, in groups of 15 each, before lack of funds caused the program to be discontinued.

In addition to the regular group of fifteen, 500 underprivileged youths enjoyed a two-weeks vacation there during the summer.

Now's a perfect time of year for you to discover Carnation Cottage Cheese, too. Do use it often as a delicious source of protein in main dishes. Once for ounce, it has exactly as much nourishing protein as steak — yet with fewer calories than any other popular kind of cheese!

Always give your light bulbs a good dusting, along with your lamps. A bright, clean bulb gives you up to 50% more light than a dusty one.

Here's a perfect Lenten menu for the folks at your house—

Savory Cheese & Vegetable Casserole
Mixed Fruit Salad
Brownies
Carnation Ice Cream
Carnation Milk for coffee, creamed with Carnation Half & Half!

—and here's how you make the casserole:

(for 4 to 6 servings)

- 1 cup well-drained canned whole-kernel corn
- 1/2 cup chopped celery
- 2 tablespoons chopped onion
- 2 tablespoons chopped pimiento or chopped stuffed olives
- 1 1/2 cups Carnation Cottage Cheese
- 1 egg
- Salt and pepper to taste
- 1/4 cup flour
- 1-10 1/2 oz. can cream of celery soup
- 1 tablespoon melted butter
- 1 cup bread cubes or croutons

Combine vegetables, Carnation Cottage Cheese, egg and seasonings. Mix flour with soup and add to vegetable-cottage cheese mixture. Pour into 1 1/2-quart buttered casserole. Combine melted butter with bread cubes and sprinkle over top of casserole. Bake in moderate oven (350 F.) about 1 hour.

Where Our
Olives Come From

Long ago in early California, one of the first things the padres did was to plant olive tree cuttings around their new missions. If the trees thrived, the missions would have not only olive oil, but shade from the bright sun. Sure enough, they did thrive — and today, California produces 99% of all American-grown olives!

Ethel Waters Opens Friday in Chi Chi Starlite Room

Ethel Waters, one of the most celebrated persons of the stage, makes her initial bow in Palm Springs tomorrow night in the Starlite Room of the Chi Chi.

Renowned throughout the world for her performances on the legitimate stage and acclaimed everywhere as one of the great singers, she will appear for the first time in a night club on the Pacific Coast.

THE TRADITION of the stage dating back for more than three decades is wrapped up in the personality of this performer.

She rose to the heights because of her ability to put heart and soul into a song as a young girl. That ability has carried her across the nation and into foreign countries as one of the foremost of entertainers.

Irwin Schuman and residents of this community are lucky it is said on all sides, that Ethel Waters has deigned to come to this comparatively small community to perform.

ALL THE ANGUISH of her race is felt in the songs she sings but she doesn't sing the heavy songs throughout her performances. The light and airy renditions and the known and popular songs are included in her repertoire of musical numbers.

On the bill with her is the irrepressible Buddy Lester, star of radio, stage and screen who is in a class by himself when it comes to comedy. This is not his first appearance in the Starlite Room of the Chi Chi and, because of his popularity, Schuman returned him for another engagement.

AND HE'S GOOD TOO Buddy Lester, comedian in the Starlite Room of the Chi Chi who opens tomorrow night. Ethel Waters, famed singing star heads the new bill.

Quarter Horse Public Hearing Set for Monday

Hearing on the application of the Desert Turf club for a permit to construct a quarter horse race track in the Rancho Mirage area is scheduled for Monday, March 28, at Riverside before the board of supervisors.

The hearing is scheduled for 2 p.m.

County planning commissioners, following a hearing held here and discussions at the county seat, had recommended that the zoning permit be granted.

Supervisors received the planners recommendation at their March 7 meeting but decided to postpone a decision until after a public hearing.

They ruled that it was customary to hold public hearings on zoning matters and that their decision would be made following this.

Short History of Shorts

HARDY PIONEERS GAVE US PRESENT COMFORT

It is the short time of the year. Even though the days are growing longer this is the time of year that either by mandate of the weatherman or the arbiter of fashions for men shorts are here and according to some are getting shorter and shorter.

It was not always so in Palm Springs as was recalled at the second meeting of the Palm Springs Historical Society, an auxiliary of Welwood Murray Memorial Library. Reminiscing went back to a hot summer day in 1930, and involved Herbert Samson, vice-president and manager of The Citizen's Bank

and Al Gardiner of Strebe Enterprises.

ON A PARTICULAR DAY in summer almost twenty-five years ago Herb Samson, then of the insurance and real estate firm of Cree and Chaffey, and Al Gardiner then assistant manager of the Bank of America were walking down Palm Canyon when Al remarked that the British had something in their choice of dress for the

tropics. Samson agreed. The thought and the ready agreement were probably both occasioned by the fact that recently Herb had been with the Royal Bank of Canada and Al, also a Canadian had been with the Bank of Montreal.

Whatever the impetus for the thinking it was strong enough to encourage action and both turned into Lykken's Department Store (now the Palm Springs Department and Hardware) to purchase a pair of summer trousers suitable for shortening. Since Mrs. Lykken was able to supply a couple of

"white ducks" the project seemed an easy one, especially since Herb who was staying at the Del Tahquitz knew that the owner Fritz Ridgeway, the former movie star, possessed a sewing machine. Unfortunately, the mechanism of the sewing machine proved too complicated for the transplanted British Colonials and for a time it looked as though shorts were not to come to Palm Springs in the year 1930. However, Fritz Ridgeway made an opportune appearance and since she was not only the owner of the Del Tahquitz but also the builder

of the establishment, she was able to repair the damage to the sewing machine and good naturedly stitched the required hem in the two pairs of shorts.

23 Donate Blood at Visit of Bank

Largest response to the Riverside-San Bernardino two-county Blood Bank in recent months was recorded during the March visit Monday, when 23 persons volunteered blood.

The amount was still short of the quota of 25 pints, but the increase was gratifying, according to Robert Hensod, Desert Hospital administrator.

Next visit of the Blood Bank will be Monday, April 18, from 11 a.m. to 1 p.m. Reservations for donating blood at that time may be made by calling the hospital, 2251.

Dr. Bud Taylor Wins Third O'Donnell Invitational Title

Tied by Ward's Sensational 61 in Final Round, Takes Extra 7-Hole Playoff by 3

Dr. Bud Taylor made No. 3 the hard way Sunday afternoon, having to survive a nine-hole play-off before coming up with his third Palm Springs Invitational Golf Tournament championship at O'Donnell Golf Club.

A spectacular record-breaking 61 shot by Harvie Ward on the final 18 holes brought the defending title into a tie with Dr. Taylor at the end of the 54 holes of regulation play, with each golfer having a record-tying 199 total.

THE CALIFORNIA State Amateur Champion then came through with a 31, three strokes better than Ward's one-under-par 34, to take the title of the twentieth annual tournament.

Dr. Taylor was the first winner of the event, back in 1936, and then repeated in 1937, 1939 and 1943.

Ward almost duplicated his performance of last year, when he came through with a sensational last round finish to win the title.

A CROWD of 500 persons gathered the play-off action in the late afternoon hours.

Bob McCallister, Eddie Draper and Fletcher Jones finished play in a tie for third place with 206. Chuck Kocis and Bob Roos had 208s, and Ted Richards scored a 210.

This was the last event of the tournament, with the Senior and Class A rounds having been held earlier.

Proceeds of refreshment sales and all gate receipts were donated to the Palm Springs Youth Center, as in past years.

J. E. "DAD" FRENCH was chairman of the tournament committee.

Registration for Seniors' Tennis Tourney Starts

Registration for the Palm Springs City Recreation Senior Tennis tournament is now under way, with blanks available at the Tennis Club, Racquet Club, Elliott's Sportsmen's Center, or from City Recreation Director Howard Haddock, at the city offices.

John Krysiak, last year's men's singles champion, and Maurice Smith, title for three years, have already entered, and will be favorites to take the crown again. In the women's singles, Marjorie Jackson, 1954 champion, and Betty Stumpf, previous title holder, will be favorites.

Other events scheduled are men's doubles, and mixed doubles for adults and high school age boys and girls. Pairings will be announced about April 1, with everyone urged to enter as soon as possible. Any resident of Palm Springs or the surrounding area, or a local property owner, is eligible to enter.

Play will start Monday, April 4, with players competing on the court of their choice. Semi-finals and finals are scheduled the weekend of April 23 and 24.

This is the only adult tournament of the year sponsored by the city recreation department.

HE FELL IN LOVE in a short span of four months with Palm Springs, did Frank Davis pictured above with his wife Rose. As a result he launched into the creation of a \$150,000 hotel named Davis Manor and now in operation on Highway 111. The unusual twist to the Davis story is that he winter-vacationed for 18 years in Florida. "We both just love it here in Palm Springs. That's the answer," Davis explained.

New Davis Manor Hotel Model of Beauty, Comfort

It was a whirlwind "courtship" between Frank Davis and Palm Springs.

Four months to a day after Davis arrived in Palm Springs from Beaumont, Texas, his affections were alienated by this community to such an extent that by January 3 he had forgotten his 18 years of consecutive affections for Florida and had launched himself into the construction of a hotel, said by many to be one of the most beautiful in Palm Springs.

OF COURSE there is his lovely wife Rose who shares this same affection for Palm Springs and she is with him one hundred percent in his superlative description of this community.

"Why," said Frank, "the people here are different. They're lovely. This is Heaven's own paradise. Absolutely nothing like Florida where my wife and I spent our winters."

His wife listening to her husband expound nodded in full assent to every word spoken by her husband. "I really love it here, too."

"But allow us to show you this hotel which we named Davis Manor," declared Davis and a guided tour was started immediately.

EACH ROOM is air-conditioned by refrigeration. Each room has a television set to be used by guests at no extra charge. The floors are carpeted from wall-to-wall. And single room can quickly be transformed into double rooms and suites including kitchenettes.

Davis, who came from Detroit originally was in the furniture business in that city for many years before moving to Beaumont, Texas, where he was engaged in the floor covering business, operating the largest establishment of its kind in that city.

"I know the furniture business. I know about carpets but I did not know a thing about building a hotel," he explained. But he did build a hotel acting as his own contractor.

COMPLETED, the hotel will have 15 units including four penthouse accommodations.

The Davis Manor, the location of which Frank Davis describes "as just around the bend from the Palm House," will be open winter and summer. The hotel is insulated against extremes in weather and, in addition, each room is equipped with ample air-cooled refrigeration and heating.

"It cannot be any hotter here than it is in Beaumont, Texas," declared the enthusiastic new hotel owner and operator. "Back in Beaumont it not only gets

of Easter candies and toys. It is the greatest assortment in Thrift's history, the management said.

Author Frank Scully Tells Students Way to Success

"Go into some other profession, become passably proficient in it, climb aboard a plane and parachute into the literature from above and you'll land at the top of the best-seller list," Frank Scully, noted author, told the adult class in creative writing at the Palm Springs high school Monday night.

He admitted there were other ways of course, but they were harder. Writing one's way to best seller lists is the hardest of these other ways. It takes about 2 years to do it this way, he said.

He added that psychiatry was the easiest way to literary success. After that, preaching. In fact three of the ten best sellers were either by preachers or in one case, the widow of a preacher.

Scully himself has had five best sellers, but his first he said brought him no credit and little money. That was the ghosting of the life of Bernard Shaw under the credit line of Frank Harris. "But at least I dedicated it to myself," he added.

He and his family are spending the winter at Palm Springs where he is writing his autobiography for Greenberg, New York publisher of his "Blessed Mother Goose." His previous books were by Simon and Schuster (Fun In Bed) and Holt (Behind The Flying Saucers).

His own story is called "Cross My Heart." It's Like Don Quixote trying to rope windmills with a rosary instead of tilting them by hand," he explained.

Road Races to Mark Weekend

Palm Springs becomes the sports car capital of the world this weekend with the eighth renewal of the Palm Springs Road Races. Officials anticipate upwards of 20,000 fans will view the 14-event program.

Entries feature several hundred men and women drivers, those hardy amateurs who lavish money and time with reckless abandon on their sleek speedsters, knowing their only reward will be a trophy memento for their mantelpieces or desks if they do well in their class.

The two-day affair is being staged by the California Sports Car Club in cooperation with the Long Beach MG Club. Site is the 2.3 mile airport course that offers long stretches so that the high-powered autos can register thrilling speeds. It also has enough tricky turns to bring out the best in helmsmanship.

Just about every type of large and small foreign and domestic sports car will see action. They range in price from \$2,000 to \$20,000. They'll compete in classes depending upon engine size, with those doing well in Saturday's qualifying races graduating into starting berths in the five featured events on Sunday. Races start at 12 noon both days.

Two Killed When Village-Bound Plane Crashes

Death interrupted a flying holiday to Palm Springs early Sunday when a Costa Mesa couple, en route to the desert were killed when their light plane crashed into the slopes of Arlington mountain south of Riverside.

Victims of the tragedy were Stanley D. Healy, 43, and his wife, Dorothy, 39.

The crash occurred at 7:23 a.m. and the wreckage was found by a hunting party at 8:30 a.m.

There were no witnesses to the crash but residents of the area told sheriff's deputies that they heard a plane overhead at 7:20 a.m.

Strong gusty winds which prevailed in the southland Sunday morning were blamed for the crash.

The Healy's were members of a Long Beach Flying club.

SIZZLING STEAKS and raw-fried potatoes (flavored with onions) attract the attention of Dave Risvold, center, and Dave McWaters, after a three-hour ride to Paradise Valley. Henry Arnaiz of the Palm Canyon Pack Station applies just the right amount of salt to the appetizing meal.

TAKE TO THE HILLS FOR THRILLS, ADVICE OF ADVENTUROUS YOUTHS

By DON KLOTZBUECHER

Take to the hills! No, it's not war, flood or similar disaster — it's a new form of weekend recreation for teen-agers.

Boy Scouts have utilized overnight camping as a form of training for some time — and, although it's fun, it still turns out to be training.

Two Palm Springs youths, bored with the usual weekend activities and echoing others that "there's little choice of recreation in the Village," decided to create their own fun and excitement last weekend.

DAVE RISVOLD, 1818 Mesa drive, and **DAVE MCWATERS**, of 475 Valmonte Sur and Portland, Oregon, decided to see for themselves the natural beauties of the mountains. But they didn't try to do it by themselves — they had heard enough about lost hikers to want a guide, and love comfort enough to want good food and sleeping bags.

They enlisted the aid of Curly Atkinson and Henry Arnaiz of the Palm Canyon Pack Station, and Henry, who has been in this area for 45 years went along on the trip. One name of the destination

possibilities mentioned intrigued the two youths — Paradise Valley — and they selected this as their overnight camping site.

KNOWING BOTH of the boys and of their plans, and having been on a previous trip with Henry in the investigation of the petroglyphs, I went along for the ride.

McWaters had a sleeping bag (purchased last year for a trip which never materialized), and Risvold borrowed one from a friend. Lewis, tee-shirts, wool outer shirts, jackets and boots were brought out from closets, and that was all the equipment the boys needed.

Henry took care of buying the food, and furnished the cooking utensils.

THE BEDDING was taken out to the Pack Station Saturday morning, and the boys then returned to town for a quick lunch before starting the three-hour ride. When they returned, Henry had the horses saddled and was in the process of loading the pack horse.

Henry set a slow pace across the desert, knowing that he was the only experienced rider in the group. Everything was routine until South Palm Canyon with its age-old palms was passed, and then came country seldom seen by most of the residents and visitors here but without a question greatly admired by those fortunate

enough to have traveled the same route.

Much of it was the same as in the Palm Springs area, but it had a natural beauty which came to life in a habitat not surrounded by homes or stores.

PARADISE VALLEY was reached about 4 p.m., and while Henry took care of the horses, the two Daves took over the water detail. A stream had been passed a short distance away, but new frontiers beckoned in another direction, so they took off through brush down a slope — at the bottom of which could be seen another creek.

The final 100 yards were down a steep grade but it turned out to be worth the extra effort. At the bottom was a waterfall cascading 30 feet down the rocks, then dividing into two separate rivulets which danced through openings to the stream. After drinking their fill of the pure mountain water, they filled the coffee pots and started back.

IT WASN'T QUITE as easy negotiating the steep grade which led from the creek bed, and required one youth crawling ahead, then taking the outstretched container and holding it until the other one scrambled to his side. They returned to camp exhausted, found a fire roaring, and soon were revived by the smell of food.

Steaks were in the frying pan, along with Henry's famous raw-fried potatoes (plenty of onions). After eating as much as they wanted (and it was plenty) they made a quick search of the area for all dry wood. The fire lasted long into the night, and the boys sat

DAV Salvage Drive Off to Good Start in Village

Members of Palm Springs Chapter 66 Disabled American Veterans, today were gathering salvage material from Villagers to be dispatched to the DAV store in San Bernardino where the material is repaired and put into good shape for sale at a low cost to veterans.

DAV members at San Bernardino do the work on the salvage material and the proceeds go to aid disabled veterans in government hospitals.

"IN THAT WAY," said Dr. James E. Potter, commander of the local chapter, "assistance to veterans is three-fold."

This is the first year that the local chapter has participated in the store's activities and Adjutant Ray Hiller of the Palm Springs chapter, urges Villagers to aid in making the event a success.

"Don't throw away items you no longer wish," he said. "We will take anything except old

newspapers and magazines. Just give us a call at 2957 and a salvage truck will call to pick up the articles. None of these items will be sold in Palm Springs.

THE PICK-UP PERIOD extends for 10 days and will end March 31, he said.

Sunday, several members of DAV chapters in Riverside and San Bernardino were in Palm Springs to assist the local chapter in launching their initial campaign.

It started off with a rush as the Wednesday Night club donated all articles unsold at their successful charity auction last Sunday.

TAKE TO THE HILLS

around long after Henry had gone to bed, discussing the problems of their young life and watching the lights of Palm Springs in the distance.

THE NIGHT WAS COLD and windy—the only disappointing part of the trip—and the two Daves, unaccustomed to sleeping bags, had trouble keeping warm. They awakened several times, and finally about 4 a.m. McWaters aroused the group with a shout: "It's snowing!"

This was enough for both of them, and they decided to exchange the warmth of the sleeping bags for that of a fire. They went down to the creek (the easy way) and brought back a log and water for coffee, and had everything set for breakfast when the rest arose. Bacon, eggs and hot coffee dispelled the cold, and even the overcast sky and rumbles of thunder in the distance were forgotten as it started to clear

in the northeast.

BY 8 THE CAMP was broken and the trip back was started—this time by a different route, equally as beautiful and unspoiled by habitation.

At 11:30, the group reached the pack station once again. It had been a long ride for the two tired camping enthusiasts, and they lost no time in climbing into their convertible for the trip back to their homes. Saturated with fresh air, they left the top up.

A quick shower, a couple hours of reminiscing, dinner, then bed. Seldom used muscles were a reminder the next day that they had found a new weekend recreation.

But a lot of memories of the good time they had stayed with them too, and they're planning again to "Take to the Hills."

Lease Agreements Topic of Indian Land Lessees

New lease agreements were discussed by members of the Lessees of Palm Springs Indian Land at their meeting last week, with 24 in attendance.

The discussion ranged from land rent increases, to a provision which makes the lessee responsible for the land tax, in addition to the rent, if the land should become taxable during the term of the lease.

Members also voted to have 1,000 reprints of a Long Beach Independent Press Telegram story on the Cahuilla Indian fortunes in the Coachella and Imperial Valleys, sent to all Senators and Congressmen in Washington, D. C.

President George Prosser presided at the meeting.

Cadillac

Take It Easy!

Sure you're out in the country—in a state-restricted area. And that powerful Cadillac engine is itching your throttle toe. *But don't do it!*

That isn't the purpose back of this great engine.

It was created to give you phenomenal bursts of speed when you need them.

It was created to give your Cadillac the long life and freedom from repairs that come when your engine "loafs" at the normal driving speeds.

And it was created to give you the driving confidence that is yours only when you know you are master of every driving situation likely to occur.

So don't use that tremendous power to dominate the highway—or to embarrass a fellow motorist.

In fact, a good rule for Cadillac owners might very well read: "Be last away when the light turns green. Remember: it's not how fast, but how wonderful."

And how wonderful it is!

Let's say you are trying to go from one climate

to another in a single day. Is it four hundred—six hundred miles?

Just follow the laws of the states you cross—keep rolling—and drive until you are ready for bed.

What about getting tired? To the average Cadillac driver, it just doesn't happen!

Mile for mile—hundred for hundred—there just wasn't ever another car like this.

That's why we say: Don't try to prove anything in a hundred feet. Prove it, rather, in a hundred miles—or in five times as many—or in half a dozen years.

Of course, the foregoing message is addressed to the person who has already purchased his Cadillac.

But we also have a message for those who still have that delightful experience in store.

Come in and drive the car. That's when an hour will prove something. It will prove you're missing out on the finest motor car performance of all time.

St. Louis Church Ham Dinner Set for 4 p.m. Today

Annual Ham dinner of St. Louis Catholic church, Cathedral City, is scheduled for today from 4 to 8 p.m. in the Parish Hall.

The Rev. Joseph Leissler, pastor of St. Louis church, predicted that previous records for attendance would be broken at today's fifth annual event.

Proceeds of the dinner and of the auction of cakes and pastries, also scheduled today, will go toward improvement of the church and grounds.

Each year, since inaugurated, the event has grown but Father Leissler said that there will be enough for all even if last year's high mark is exceeded this year.

College Head is Heard in Talk by Adventists

Dr. Godfrey T. Anderson, president of the College of Medical Evangelists at Loma Linda and Los Angeles, was the guest speaker at the Seventh-day Adventist church last Saturday. Dr. Anderson was for several years president of La Sierra College in Arlington. He presides over seven distinct schools, including the new School of Dentistry, located on two campuses.

Saturday morning, Pastor Kenneth Smith will speak at the 11 a.m. services of the church. The lesson for the Sabbath School class time, beginning at 9:30 will be "The Greatest Miracle of All." The pastor's Christian instruction class which meets at 10 will study the subject, "Proving Our Love for Christ."

St. Paul's Church Starts Services of Passiontide

Sunday, March 27, will mark the beginning of that portion of Lent designated as "Passiontide." In accordance with the traditions of the church, all images and crosses will be veiled for the period until Easter Day.

"With the removal of all worldly articles from our sight, even those of deep religious significance, we are instructed to look at the person of Jesus as described in the Gospels until His return from the dead," said the Rev. William A. Blonden Jr., rector, of the parish of St. Paul's in the Desert Episcopal Church.

Services for Passion Sunday will include Holy Communion at 8:00 a.m., Church school at 9:30 a.m., followed by a religious film for all ages in the Parish hall, and Morning Prayer with sermon at 11:00 a.m. The rector's sermon title will be "What Might Have Been."

'Forgiveness' to be Topic Sunday at Cathedral City

"As we forgive," will be the subject of the sermon next Sunday at Cathedral City Community church, the Rev. Dr. Graham Hunter, the pastor, announced.

The subject is the fourth of a series on "The Lord's Prayer." Miss Betty Whitaker, worker among migrants for the National Council of Churches, will bring the new station wagon which serves as a movable church, recently given to the National Council for religious and social work. Messrs. Sidney Ervine, Don Velich, Sam Arner and Edward Biles will act as ushers.

The young people's department of the church held a "car wash" last week and washed 24 cars. Paul Jones was head of the large committee of students. The funds go in part to finance a foreign student.

John V. Waller, Washington exec, explaining why older women work outside the home: "Some women work to earn money for household appliances. These save so much time the women become bored and go back to work."

Varner Seeks Data on Bomb Range Plan

Reports that the government is planning to use the eastern shore of Salton Sea as a bombing range will be investigated by Supervisor Homer Varner, he said Monday.

Varner said that the bombing range might endanger plans for expansion of the new Salton Sea State Park recently dedicated.

Overpass Asked at Indian Avenue

County supervisors Monday received a communication from the North Palm Springs post office asking for early action on construction of an overpass for Indian avenue over the new four-lane U.S. 99 highway at Garnet.

The chamber said the crossing is extremely dangerous due to the heavy volume of traffic on both thoroughfares.

They said Indian avenue carries an average of 1,600 cars daily in that vicinity.

Free Lectures at Woman's Club

"When Men Will Be Marked In Their Foreheads" will be the subject of a free lecture under auspices of the Seventh Day Adventist Church, tonight, at 7:45 in the Women's Club. Friday night at 7:15 there will be a special musical program at the Women's club, featuring the "Challengers," a male quartet of young people from La Sierra College in Arlington and Miss Bunny Phillips, soloist. The lecture following the musical portion will be on the subject, "The Wisest Man Who Ever Lived and the Wisest Thing He Ever Said."

A change is announced in the subject for Saturday night. The lecture that night, at 7:45 will be entitled "Every Reason Heard For Keeping Sunday," instead of the one previously scheduled. Sunday night, also beginning at 7:45, the subject to be presented will be "Spiritualism—The Power Behind the Scence." Friday night is also Question Night.

SERMON STRESSES PERMANENCE OF GOOD

The permanence and perfection of true being will keynote the Sunday Lesson-Sermon on "Reality" at the Sunday services of All Churches of Christ, Scientist.

"Blessed art thou, O Lord: teach me thy statutes. . . . Open thou mine eyes, that I may behold wondrous things out of thy law," declares the Golden Text from Psalms (119:12,18).

According to John's Gospel (9:2, 3, 6, 7) Jesus' disciples questioned regarding the man blind from birth, "Master, who did sin, this man, or his parents, that he was born blind?" Jesus answered, "Neither hath this man sinned, nor his parents: but that the works of God should be manifest in him. . . . and he appointed the eyes of the blind man with the clay. And said unto him, Go, wash in the pool of Siloam. . . . He went his way therefore, and washed, and came seeing."

Mary Baker Eddy declares in "Science and Health with Key to the Scriptures": "The physical healing of Christian Science results now, is in Jesus' time, from the operation of divine Principle, before which sin and disease lose their reality in human consciousness and disappear as naturally and as necessarily as darkness gives place to light and sin to reformation. Now, as then, these mighty works are not supernatural, but supremely natural." (p. xi).

Christian Science Program Sunday

The Christian Science church will provide the program on the "Light of Faith" series over Station KNXT, Sunday at 9:30 a.m. Bonnie Murray, well-known singer, will be soloist, and Wesley B. Tourtelotte will be the organist. The theme of the program is "Salvation."

QUARTERHORSE HEARING — Residents in the Palm Springs area who favor quarterhorse racing at the track near Rancho Mirage should arrange to go to Riverside next Monday (March 28th) to attend the hearing which will be held on the subject by the Board of Supervisors. The meeting, which will be held at the County Courthouse at 2 p.m., was set by the supervisors so they can learn how the people in the vicinity feel about this added amusement for which a permit has been approved by the California Horse Racing Board. If but a few people appear at the hearing, the supervisors can take it for granted that there is little local interest in the project. So it is important that as many people as possible attend the hearing if they believe, as so many do, that this added attraction will bring and keep people here at times when they can be easily accommodated.

MRA STAGE PLAYS — Once again I want to draw attention to the three stage plays which will be presented by Moral Re-Armament at the Plaza theater next Sunday, Monday and Tuesday evenings. Press reviews of these unusual dramatic presentations, and comments about them from prominent people in many walks of life, give assurance that the residents of Palm Springs and vicinity will find these plays entertaining and fascinating. European actress Elizabeth Bergner calls them the most intelligent plays she has ever seen and "the theater of tomorrow."

It is interesting to know that at the same time the plays are being given here in Palm Springs they are being presented in Tokyo, the African Gold Coast, Germany, Japan, India, Australia, and in most of the European capitals. Written by Peter Howard, a British newspaperman, these plays have pioneered the use of the drama as an ideological weapon to combat the advance of Communism throughout the free world. The plays are unusual in that they are not revealed as the vehicles of somebody's brilliance, nor as an opportunity for personal stardom, but as a means of winning the audience. To that goal both the play and the players are subjected. These performances have accomplished some very remarkable things in India and Africa along the lines of the particular problems with which they deal. Why the plays have been so effective will be understood by those who see them here.

By all means plan to see one or more of these extraordinary dramatic presentations and after the show avail yourself of the opportunity to talk with some of the Moral Re-Armament group who will accompany the cast to Palm Springs. These people come from 22 different nations and you will find that they have an extremely interesting story to tell. I have met several of them and enjoyed immensely hearing their views on the world problems of today. I feel sure you will also.

MORE GOOD NEWS — It has long been felt that Palm Springs has neglected one of its greatest assets, the hot mineral springs which attracted Indians to this region long before the white man came to develop it as a famous winter resort. One of the reasons why enlarged facilities have not been provided for the beneficial use of these mineral hot springs is that they are located on Indian lands which can be leased for only five year periods. The Indian tribal council has recently petitioned Congress for permission to lease this land for 99 years. If approved by Congress, which it very likely will be, the door will be opened for the development of these mineral hot springs on a scale that will attract thousands of users.

There seems no doubt that the Indians will encounter little trouble in finding a leasee who will build on the property a modern bath house with all of the facilities for hot water therapy and treatment. There is little doubt also that it would be generously patronized and that it would prove a big asset to the community. While the present bath house has been kept in constant use it does not have the space or provide the facilities to attract great numbers of people.

If approval is granted the Indians to make this lease and a modern hot water spa is built there it may also show the way for the development of other Indian lands in this area in a manner that will benefit not only the Indians but the community, as well.

TRY AND STOP ME

JOHN O'HARA, distinguished author of "A Rage to Live" and "Farmers Hotel," rallying to the defense of television, tells of a friend whose sprawling household includes children by his first marriage, children by his present wife, and stepchildren whom his wife brought with her. There are, roughly, ten children in all.

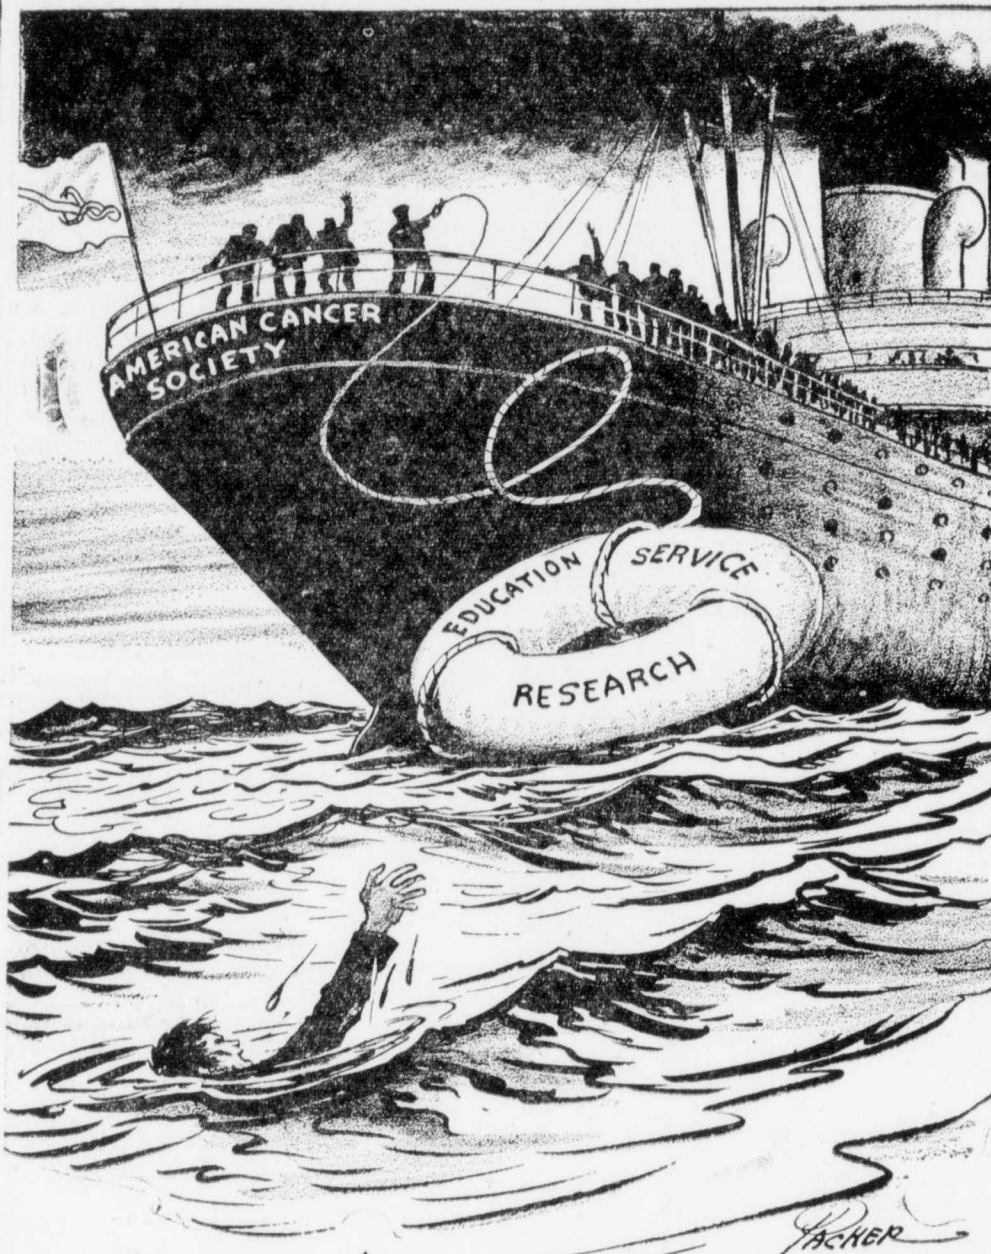

"Before we bought a TV set," this friend assured O'Hara, "this place used to be a madhouse. Kids all over the house. But then we installed the set in our cellar. Now the kids spend their lives there."

"Once a week we throw them a couple of fish heads and everybody's happy."

Television and digest magazines have changed the bedside manner of our hep physicians, too. One of them was overheard assuring a patient, "There's not a thing wrong with you that the next 150 years of medical research won't find a cure for."

Up in Katonah, N.Y., there's a house that was built in 1801 for John Jay, first Chief Justice of the U.S. Supreme Court. The Jay family considers the old library a particularly sacred spot. Legend has it that a weekend guest once fainted, and was carried to the couch in the library. "Take him out!" ordered the current lady of the house. "Only Jays die in that room!"

EPILEPSY

About one and one half million people in the United States suffer from the condition called epilepsy. About 80% of these epileptic people can be well enough controlled to enjoy as useful and contented a life as anyone else.

The problem of epilepsy is a complex one. The social and economic stigma which people in most instances incorrectly feel leads them to concealment and misunderstanding. This makes the physician's task more difficult. He therefore is obliged to concern himself with the problems of his epileptic patient which extend beyond those involved in the purely medical management. He becomes involved in the education of the patient and his family and to a certain extent even of the community as the patient meets his crisis in school or at work. This becomes a time-consuming responsibility. The physician assumes a "try again and again" plan of reaching a successful management of this condition, which is a difficult one for him.

In the light of our present knowledge there has been a simplification of the treatment of these patients. The disease, as you know, is one in which a convulsive manifestation occurs which is preceded by an aura which may be visual or arise in the stomach and bowel and is followed by the seizure. The patient usually bites his tongue and has a bloody, frothy, mucous saliva expressed from his mouth. Epileptics are not mentally inferior. Approximately 70 per cent have average or superior intelligence and can achieve or accomplish as much or more than the average individual when put to the test. Epilepsy does not always run in the family. Only one in five epileptics know of an epileptic relative. Only one in twenty have an epileptic parent. The average epileptic's chance of having an epileptic child is only one in sixty as against a normal of one to two hundred. Therefore it is relatively rare for epilepsy to run in families.

Epileptics are not crazy. At least they have no specific emotional disturbance to begin with but later in the course of the disease may develop some emotionalism. This is mostly the result of how they have been treated by the people among whom they reside. Since the dawn of history the epileptic has suffered quite as much from other people as from his seizures and things are little better today. The restrictive handling of the patient builds up the emotionalism which produces the background for the trigger action of an attack or seizure. If they are occupied at school or work, without allowing fatigue to develop, the number of attacks lessens and they assume a more normal relation to others in their community.

Much of the world's trouble has been due to the high-minded determination among nations to civilize each other, no matter how it hurts.—Dan Bennett.

There seems to be no permanent solution for the troubles besetting our country. All we can hope for is a relief from the last solution.—Art Benson, Weyerhaeuser News.

Congressional Report

By Representative John Phillips

Spring is struggling to come to Washington. She managed to get her foot in the door for a few days early this week, but when we woke up this morning there was snow on the ground and on the parked cars.

There are two jobs in Washington I would not want. One is more than that, but these two in particular: the job of the man who has to predict what the weather will be, and of the man who has to set the date of the annual Cherry Blossom Festival. Only twice, I think, in the twelve years I have been here on the Hill, have the blossoms cooperated by coming into full bloom on the day set for the festival. If they come early, the Park Service rushes around and sprays them with a solution which must have a paraffin base, or something like that, to delay the blossoming, and if they are late, or it is cold, like last year, the poor little Queen and her Princesses have to shiver in their pretty dresses.

There are two questions that will probably never be answered satisfactorily, why they put the Capitol in this swamp in the first place, and why anyone who can live in the sunshine and dry air of the 29th District should come down here to live!

ANOTHER SIGN OF SPRING in Washington is the arrival of bus loads of school children. From now on the Capitol plaza will have as many as 40 school buses parked around it daily, some from as far away as Indiana or Ohio, or even Florida. The youngsters swarm in the Capitol, and the surprising thing is the orderly and efficient way in which they are shepherded by harassed teachers, on a trip which must be a high spot in many lives.

It is a splendid idea, even if I think sometimes, as I walk through the corridors and the big rotunda, of the stampedes the movies reenact so realistically in their western pictures.

Next week I will have a job of my own, along those lines. For nine years now, I have helped the alumni society of my own college, Haverford, bring down ten of the senior students in government for a three day visit. I have told you about this before. We discovered, prior to this plan, that the students were coming down each year, doing a toe-and-heel through the Capitol, looking in on a few committees, or sitting in the galleries, and then going home thinking they had an insight into the operations of government.

Since, as Hollywood would say, any relation between government in a textbook and government in Washington is entirely coincidental, we decided to give the students this annual trip. Now they come down on a Tuesday afternoon, have dinner at the National Press Club, after which they talk with someone like the current president of that club (this year the Washington manager of LIFE) who gives them an idea of the relationship between the Hill and the Fourth Estate. The next day they usually start with the Bureau of the Budget (which isn't very hard for me to arrange!) where they hear about the money side of government. They come to the Hill and talk to various people, and have lunch with their own Representatives. They do see the Houses in session and attend at least one committee meeting, and they go to the Supreme Court when my old and good friend, Justice Burton, tells them the history and background of that part of the government trio.

Or a robin on the wing.
But the way the town is crowded
I know darn well it's Spring.

Another indication of the season may be seen in the TV beer commercials. And in the brew advertisements in the public prints. All of those pictures of goat's heads. It's the season for Bock—and I don't mean Leonard. He is busy all of the year.

THE KIWANIS CLUB staged its annual peanut sale to raise funds for its committee which looks out for underprivileged youngsters. Tuesday President N. K. McDonald of the club told members at their weekly meeting of the great success of the event. He said that 3418 pieces of money ranging from 598 pennies to two twenty dollar bills were stuffed through the slots of the collection boxes. Included in the loot, he said, was one Canadian \$2 bill. The money will be used to construct a wading pool for children. "The slot machines we used Thurs day will pay off in a wading pool," he said.

IT HAS BEEN a long time since we have paid our respects to the motoring public. In fact, the gentleman who always tells me I gripe too much, queried the other day: "What's the matter? Did you give up tummy-aching about automobile drivers for Lent?" Seems you can't please 'em. If you gripe, they chide you for it. If you don't, they say you are getting soft. Anyway, what I started to say, is that during the busy season here—and we are in the middle of it now—something more should be done about that 'Y' at the confluence of Palm Canyon drive and Indian avenue. Perhaps a little more channelization for northbound traffic moving up Indian and a stop sign for Palm Canyon drive traffic. Or a campaign of education to teach drivers planning to turn right into Indian avenue to indicate it by a signal. Monday afternoon at 5 p.m. they were backed up in double breasted five cars deep, trying to get on to Palm Canyon from the right lane of Indian avenue.

BY THE WAY, I learned that word "confluence" from Joe Hernandez at Santa Anita. He always refers to the "confluence of Colorado street and Huntington drive" when announcing a seven-furlong race. It's a two-bit word. And now someone will probably write me to say that it is a two-dollar word if you didn't guess right. And another traffic hassle is at the intersection of Indian avenue and the Plaza. So many people apparently don't believe in signs. Saw a woman practically knock over the "No Left Turn" sign to turn left across the southbound lanes in park and drive a chance to find a space before the post office. Well, I hope those two gripes satisfy my correspondent.

LOOKING INTO that book which distills all the special days, weeks and months for an inspiration, discover that March 28, next Monday, is Mother-in-Law day. And three days later, it is April Fool day. Any connection there? . . . The people who arrange these special days and weeks had something in mind for the Mother-in-Law day is placed right at the start of National Laugh Week. . . . On the other hand, can you classify all of those Mother-in-Law jokes as humor?

SOMEWHERE around this time of the year, I have a birthday coming up. Went to a gathering of old friends, newspaper and laymen, last Sunday in a city up the highway about 75 miles from here. At the close, the hostess brought in a big cake. It was for that birthday, though not the right day. They had just one candle on it. Apparently figured that if they put the right number on it, it would put too much pressure on the candle-stick maker. And was told, "since you are getting so old, we decided to have the candle burning at one end only." Nice thought.

OUR INVENTORS are always thinking of new devices to make life easier. Were you ever annoyed while bathing and the eyes full of suds, to have the soap slide out of its dish and disappear in the water? Conducive to mean thoughts, isn't it? But some smart person has come up with a new idea. It's a little magnet which you slip into one side of the bar of soap and it sticks tight to the side of the tub when not in use. Guaranteed not to fall off and into the water just at the wrong time. The only thing I can see wrong with that is, supposing you forget and soap up with the magnet side down. Seems to me that might leave a scar on the magnet.

Now comes the time to comment on some recent reading. In a midwestern paper saw a note from a puzzled high school student. "If it is correct," he asked, "to say that the military forces arm people wouldn't it be equally correct to say that our schools brain them?"

BARBARA HUTTON'S son, Lance Reventlow, is running up a hefty phone bill with long-distance calls to Claire Kelly, a red-headed New York fashion model. . . . The "plum" movie assignment of the year—the role of Charles Lindbergh—may go to an obscure young television actor named Jim Perry. . . . The latest and hottest Marilyn Monroe rumor has her toying with the idea of going to Europe with DiMag next month.

Paris friends are gravely concerned over the condition of Count Edward Bismark, bridegroom of the perennially best-dressed Mona Williams. . . . The newlywed Jack Webb (Dorothy Towne) are at the Dum-De-Dum-Dum stage coming up with a picture titled "The Cliff's Edge." It makes "Peter Pan" . . . Donald O'Connor's sudden loss of 15 pounds has the doctors worried.

HARPO AND GUMMO MARX will be two of the biggest investors in the new Riviera Hotel in Las Vegas. (Incidentally the Commission accepted Tony Martin's stock purchase in the Flamingo, but are holding up approval of George Raft as a stockholder. . . . Philadelphia still is echoing the screams heard when Lili St. Cyr and her ex-husband, Paul Valentine, played the same night club bill. Both wanted to close the show, and the impasse could be heard for miles. . . . Dick Cowell, back from Switzerland, is still breathless over Baroness Lucienne de Nieuburgh, the beautiful ski champion. . . . Herb Jeffries is set to play the lead in the film being produced by Rochester with Jack Benny backing. It'll be a million-dollar CinemaScope Western called "The Bull Drew Aces." Hilda Simms is being talked of as leading lady.

A WELL-KNOWN WRITER of radio defective serials is involved in a cops-and-robbers plot more interesting than his own scripts. His sweetheart turned out to be a former girl chum of Serge Rubinstein, and the police are hot on her trail, yearning to ask her a few pertinent questions. But the author is using all the cleverness he has exhibited in creating get-aways for his fictional characters to keep his darling out of the law's clammy clutches.

TWO HUNDRED AND TWENTY-FIVE clergymen of all faiths attended a private screening of "A Man Called Peter" at 20th Century-Fox headquarters last week, and when it was over joined in a prayer for the success of the picture, which they called "an inspiration to all mankind." First time in the history of the movies that such a thing has happened. . . . Lynn Merrick (the former Mrs. Robert Goebl) is showing the town to European cinema producer Henry Lester.

George Jessel is blue. Had his heart set on producing Louis Zara's best-seller, "Blessed is the Land," and optioned its screen rights some time ago.

NEW YORK CAVALCADE

SNAPSHOTS AT RANDOM: Curb Exchange—Bowery and Canal (Misery Lane) where derelicts offer tattered overcoats to equally down and out customers for a few nickels. . . . Glitter Avenue—Fifth from the 40s to the late 50s—where dapper clerks offer fashion's latest to young and old bucks for fancy bucks.

And it is the cliché dream of the fiction and the feature writers that the spin of the wheel can transfer the citizens of one section to the other—but I've rarely heard of a case in real life where a Bowery bum has hit the right number to take him to the Tiffany and Saks country. . . .

Two singing girls invade the town—one a long-time favorite—the other, a comparative newcomer but already reaching for the stardust—Frances Langford thrills the assemblers at the Pierre's Cotillion Room—Joanne Gilbert proves an ear-and-eye delight at the Waldorf's Empire Room. . . . Frances with the mixture of blond and red hair—Joanne with her enticing melodic arrangements. . . . And over at the Versailles, Leonard Sillman offers his handsome little revue sparked by half a dozen talented young folks. . . .

We turn out for a gathering at the Richard Neys' home and count a rather fruitless chat with Salvador Dali who hints he may have to leave the country in order to regain his mastery of English—and to another party at Wallace Harwood's where we reminisce with Harry Silvey back to the days when he and O. O. McIntyre were a Damon and Pythias team. Also chat with a beautiful British girl, Patricia Cutts, who, having hinted in an off moment to a British newspaperman, Bill Parsons, that it was a shame that New York's Mayor didn't have a gold chain like London's Lord Mayor, was dismayed when Parsons called it to the attention of his British readers—who thereupon began sending in contributions for so worthy a cause—and now the embarrassed Miss Cutts doesn't know how to proceed with the project. . . .

The midnight gathering of the clan at Toots Shor's—Don Ameche with Bob Considine, Eddie Fisher with Milton Blackstone, Ed Hanley with Lew Parker, Freddie Finklehoffe, Dick Flanagan, Young Frankie presses his pride in being tapped as the only American singing lad scheduled to appear for the Command performance at Blackpool, England—which will keep him in England

But option-expiration time came and went, and now Louis de Rochemont is the hot negotiator man. . . . The Belmont-Plaza Hotel, on the brink of a million-dollar refurbishing campaign, will spend a mint to install a color television receiver in every room.

BROADWAY GUESSING GAME: The unhappiest girl on the Great White Way is a solid click in a hit show. Love trouble of course. . . . A major record company is about to unveil a new singing discovery—who at the moment is toiling in the firm's stockroom. . . . A film star whose emotional problems get her into the headlines is the most-analyzed girl in the business. But psychiatry hasn't helped her—probably because she invariably lures the doctor into her lair, and a few weeks later is looking for a new one.

YOU DON'T HAVE TO BE an odd one to understand all the "touches" in the movie "Wages of Fear" but it helps. . . . MGM is wooing Mary Pickford who took over the Deborah Kerr-John Fontaine role in "Ten and Sympathy," but she's so ecstatic over the break the Playwrights Company gave her when they decided not to seek another "name" that she won't consider any Hollywood deal until the play ends its run.

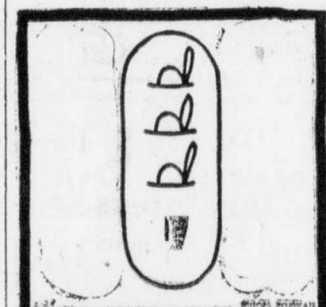

The hillbillies are getting more philosophical every day. Latest tune on the mountain-er hit parade is a mouthful titled "Live Fast, Love Hard and Die Young" (And "Leave a Beautiful Memory"). . . . Douglas Fairbanks, in London, is bedded with pneumonia. . . . Upcoming taste thrills. . . . garlic-flavored potato chips, cayenne-flavored popcorn, and pumpernickel bagels!

LICIA ALBANESE, set to sing 14 performances with the Metropolitan Opera on its Spring tour, will travel in an air-conditioned auto with all the comforts of home—including a small library, a record-player and a tiny refrigerator. . . . Frank Marlowe, the comedian, is getting threatening letters from Marlon Brando's fans. Marlowe does a devastating takeoff of their idol, and they've warned him to stop. . . . Starlet May Wynne will trek to the altar with Joe Kirkwood, Jr., despite the denials. . . . The news is good about Mrs. William Rhineland Stewart's daughter Nancy, recuperating in Presbyterian Hospital. The ailment is less serious than was feared. Doodles

By ROGER PRICE

"INDIAN TRIPLETS"

The other day a N.Y. State judge ruled that in spite of any existing treaties with Indian tribes all Indians would have to get permits. He didn't say if the Indians would be allowed to hunt judges but I guess they'd have to get a more expensive permit for that. Some Indians claim this is unfair and want to call all deals off and take the State back but I doubt if they can swing this. It took the Democrats 12 years to get it back from the Republicans and they're not gonna give it up without a fight. This Doodle, incidentally, poses a problem. Would Indian Triplets be called "Papeese?"

Plaza Theater Returns 'Camille' on Anniversary

Now showing at the Plaza theater is "Camille," the picture which opened the theater 19 years ago with a Hollywood-style premiere. The MGM classic was brought back by Earle

Strebe, owner, to celebrate the anniversary of the theater and opened last night for a four-day run.

Many bright stars of the film world of that day were in the opening. "Camille" features a stellar cast with Greta Garbo and Robert Taylor in the lead and with Lionel Barrymore, Lenore Ulric, Laura Hope Crews, Jessie Ralph, Elizabeth Allan and Henry Daniell also in the production.

From where I sit... by Joe Marsh

Finally Talked Herself Out

A certain talkative young lady almost spent a night locked in "Doc" White's drugstore.

She entered Doc's store about 11 PM, going directly to the pay phone. At eleven-thirty Doc went home—not having seen a customer for a half hour. Around midnight he got a call from the store... she had finally run out of conversation (and money) and found the front door locked tight.

Doc vowed he'd leave her there to teach her a lesson. But Mrs. W. spoke up: "Now you go turn her loose. It's hard to cut a good

conversation short—something only a woman understands!"

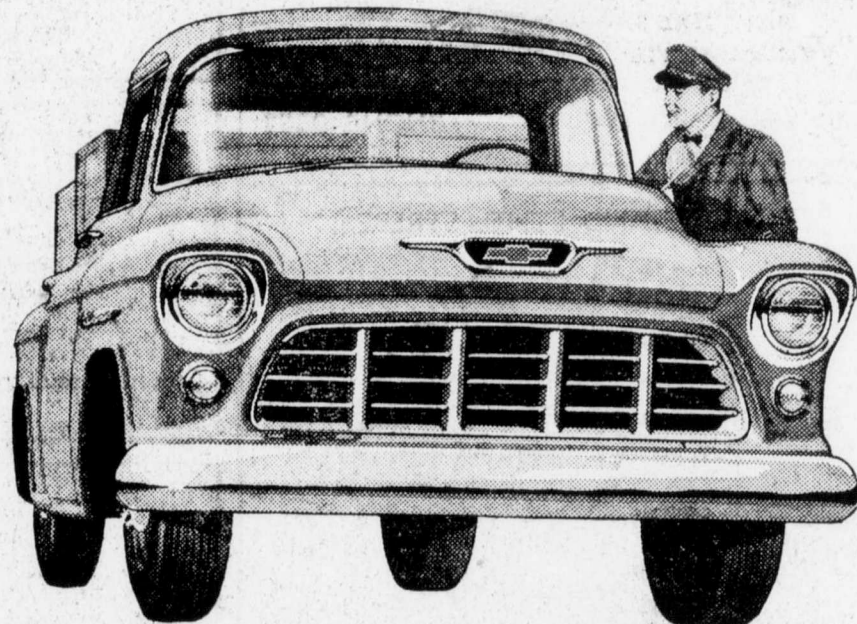

From where I sit, however, plenty of men are as hard to pry away from a telephone as any female. Some people are just naturally long-winded, while others are the silent type—just as some of us like coffee and others prefer a glass of beer. The important thing is to be considerate... before friends start giving us the "busy signal."

CLYDE BEATTY, world's foremost wild animal trainer, will be one of the arena features when the Gigantic Clyde Beatty Three-Ring Railroad Circus plays here Monday.

Sensational Wild Animal Acts Feature Beatty Circus

Clyde Beatty's big three-ring circus comes to town next Monday on the airport grounds for two performances under sponsorship of the Palm Springs Shrine club. One of the better known circuses, plenty of thrills

will be offered Villagers and visitors, with the many wild animal acts, performing elephants, acrobats and aerialists and many a laugh by a flock of clowns.

Shows will be presented at 3 and 8 p.m. Menagerie tents will be open an hour before the show in the main tent begins.

Beatty, world-famous animal trainer, will be among the top performers with a cageful of 16 lions and also with eight tigers. Beatty uses jungle-bred animals in his acts. He says they are less dangerous than those born in captivity.

"Part of the job of training wild animals and getting them to perform is to bluff them," he said. "It is hard to convince one raised in captivity that man is formidable."

Besides the wild animal acts and the acrobatic events, three herds of elephants will be in the three different rings at the same time.

CIRCUS TICKETS TO SCHOOL CHILDREN

George Strebe, president of the Palm Springs Shrine club which is sponsoring next Monday's Clyde Beatty circus here, yesterday expressed the club's appreciation to merchants, hotel and apartment owners who purchased tickets so that children could see the show and asked that any who have tickets which they have not given to children to call the Doll House, 7301, or D. B. Carlin, 3673, and the tickets will be picked up and given to school children.

CATHEDRAL CITY

By PAUL AND MILDRED CLARK

ANNUAL VOTE MARCH 29

Cathedral City Chamber of Commerce will hold its annual election of directors next Tuesday, March 29 at the Town Hall at 7:30 p.m. Of a board of fifteen, eight directors are to be elected for a two year term.

The seven hold-over directors whose terms expire in 1956 are Edward Bliss, Paul Clark, Robert Cordes, Mike Gordon, Leslie Kelley, George Miller, Warner Moon.

Nominees for this election are Claude Cobb, Emil Greener, Herbert Henry, Berton Lamb, L. C. Lewis, Walter Melrose, Orvil Zappe, George Zentmyer. The president of the chamber for the past year, Robert Sherill, declined nomination for a new term as director because of the pressure of private business, but the by-laws provide that the immediate past president is considered an ex-officio member of the board for the year following his term of office.

Nominations for directors may be made from the floor on election night, the only requirements being that the nominee be sponsored by five paid-up members and that he consents to serve if elected.

Membership Chairman Leslie Kelley pointed out that only paid up members may vote, and urged those who have not sent in their dues for this year do so prior to March 29. Dues may be paid in person to Ray Abbey at Rupp's Supply, or mailed to Chamber of Commerce, Cathedral City.

In announcing the date for this year's election President Sherill stated that the Chamber each year in addition to the usual civic problems, tries to have some special project for the benefit of the community.

This past season has seen the installation of beautiful Washingtonia palm trees at each entrance to the village and in the traffic islands on Broadway. A resort community such as this, he states, must always put its best foot forward in order to attract and please the prospective visitor. This start in beautification of the town from private contributions is considered a fitting climax to the long record of chamber of commerce projects which started with the building of the Town Hall, assistance to the public library, flood control channel, formation of fire protection and sanitation districts, and the paving of Broadway, to name the high lights.

In addition, the chamber from time to time publishes a tourist brochure maps, rental guides, etc. etc. Secretary Warner Moon answers hundreds of mail inquiries each season, and states that except in cases where special purposes such as the palm trees, all the work of the chamber is dependent on membership dues for its support.

WOMAN'S CLUB

The Shadow Mountain club was the setting for a luncheon and card party for the Cathedral City Woman's club Wednesday, Mrs. Marjorie Ballagh, club president, presided over a short business session, mainly being the election of officers for the ensuing 1955-56 season. There being no nominations from the floor the secretary, Mrs. Alphamary Larrison, cast a unanimous ballot for the following to fill the offices: Mrs. Edna Cobb, president; Mrs. Laura Madison, first vice president; Mrs. Dolores Cordes, second vice president, Mrs. Alpha May Larrison, recording secretary; Mrs. Wilma Gordon, Corresponding secretary; Auditor, Mrs. Bessie Kelley and Parliamentarian, Mrs. Leah Lewis.

First prize for cards went to Mrs. Bessie Kelley, second to Mrs. Dolores Cordes and consolation to Mrs. Florence Powell. The next meeting of the club will be on Wednesday April 6, and will be a potluck luncheon held in the Town Hall, the program to be announced next week.

MRS. COBB HOSTESS

Members and guests of the Cathedral City Woman's Club who have been playing in the canasta and bridge tournaments were guests at the home of Mrs. Edna Cobb Friday night for the tenth and final game of the series. Twenty eight guests enjoyed dessert refreshments with the play-off following. This is the second year the club has held the tournament which helps the club's finances besides giving the players the pleasure of the games. Mrs. Iva Moon was chairman, and with her committee Mrs. Florence Powell and Mrs. Wilma Gordon expressed their appreciation to all who helped make the tournament a success and to the players for their enthusiasm and cooperation. The lovely prizes

for high score went to Mrs. Bessie Kelley, Mrs. Edna Cobb, Mrs. Clara Tambling, with consolation prizes going to Mrs. Pauline Leslie and Mrs. Leoline Zillig. The guests expressed their thanks and appreciation to their hostess, Mrs. Cobb, with a beautiful bouquet of spring flowers.

BIRTHDAY PARTY

A birthday and going away party was given Miss Lydia Engh last Friday afternoon and evening by the Misses Bessie and Nellie Tucker in their home on "F" street. They were assisted by Mrs. Marcia Hunter and Mrs. Betsy Roberts as co-hostesses in serving the more than fifty guests who came to wish the honored guest Happy Birthday. Miss Engh recently sold her home in Cathedral City where she has been a resident for twenty five years, and it is with regret her many friends bid her goodbye when she

leaves today for a new home in Sacramento.

TRAVEL SMILES

By Merry Miles

Have you ever been on a hayride? Lots of fun, aren't they? There's something about group travel that creates a warm, carefree spirit of conviviality.

I know about something that I think is even more fun than a hayride! That's a trip aboard a Greyhound Chartered Bus. Except for the hay, it's got everything a hayride has, plus much more.

DO AS YOU PLEASE

You and your group can relax in a comfortable, weather-conditioned Greyhound Chartered bus and do just as you please: Sing, play musical instruments, conduct a meeting, or just plain talk and watch the scenery. Your group can charter one bus or a hundred, for an evening or for an entire year. Furthermore, you can go wherever you wish, whenever you please, and make as many stops as you desire. The bus will pick up and discharge members of your group at the central points you choose.

And here is what I think makes Greyhound Charter Service stand head and shoulders above any similar service: Dependability. It gives you a warm feeling of security to know you're riding in expertly serviced, first-rate equipment of the world's largest transportation system. And your "chauffeur" also happens to be one of the world's finest, best-trained drivers.

COST EXTREMELY LOW

The cost? It's often less per person than regular lower than low Greyhound fares. You may be wondering what type of groups use Greyhound Chartered Buses. The answer is: Every imaginable type. This includes clubs, lodges, churches, schools, convention groups, sports fans attending games, military units, big "name" bands and many more.

Next time your club or organization is planning group travel, just remember, "It's smarter to charter a Greyhound!" Please see your local Greyhound Agent for more information.

So long for now. This is Merry Miles saying, "I'll be seeing you and you'll be seeing America—best by Greyhound."

PALM DESERT

By LOU KUEHNER

Further proof that Palm Desert is continuing to grow by leaps and bounds is the establishment of another service station. Everett E. Fielding of Temple City is managing the new Shell station located at the crossroads of Highway 111 and Highway 74. Opening date for this operation was Saturday. Working on his staff is Johnny Witte from Palm Desert.

WRITER ON THE DESERT

Globe-trotter, educator, writer and poet, Earle Liederman is visiting on the desert with Mrs. Gladys Burchfield and friends. He is the author of the "Unfinished Song of Achmed Mohammed," a book many already have declared to be a modern

classic. Critics have said that "Mr. Liederman's versatility in expressing human emotion is tremendous. He is a genius in creating with words, vivid impressions on the hearts of others which form invisible pages torn from the books of their own lives, but which they have never written."

Liederman has been the editor of five magazines and was a radio script writer for more than twenty-two years.

chairman and promised many surprises.

In charge of floral arrangements is Doris Ochs.

Annual dance of the Desert Hot Springs Volunteer Fire department attracted a large throng to Addington's Saturday to dance to the music of Ace Huddkins and his orchestra.

George and Ethel Strebe added to the enjoyment of the evening by sending the Guadalupe Boys over to play a few numbers for the dance.

Local Lions on Trek to Blythe for Dance Party

Four Lions club members from Palm Springs and two from Cathedral City and their wives, made the trek to Blythe Saturday night for the annual St. Patrick's Day Ladies Night dinner of the Lions club of that community.

Making the trip from Palm Springs were Mr. and Mrs. Elmer Walberg, Mr. and Mrs. Don Floan, Mr. and Mrs. Harold Scribner and Mr. and Mrs. Kenneth Broit. From Cathedral City were Mr. and Mrs. Carl Jackson and Mr. and Mrs. Francis Woods.

Hawaiian musicians, singers and dancers, will appear as entertainment. Featured will be lovely Lei Aloha, now appearing each Saturday evening, as a featured dancer in the Harry Owens' TV Show. Lei Aloha completely charmed the Shadow Mountain club guests with her dances of the islands when she appeared earlier this season in the first Hawaiian Show. Committee members recommend placing reservations early as Coronation Night is continuing to be sell-out each Monday evening.

KEN CLARKE FEATURED

Something new has been added, not only in the form of canapés during Cocktail Hour at Shadow Mountain club, but the "piece de resistance" Mr. Ken Clarke at the piano with his inimitable renditions. His arrangements are varied and unusual, well worth anyone's listening time. He also plays later in the evening between dance numbers performed by the well-known danceable "Tune Tailors."

Luau Torches Will Flare at El Mirador on April 2

The luau torches will be flaring in El Mirador gardens on the evening of April 2 on a tropical scene, which will be the setting for the first big luau of the 1955 season.

Around 500 guests clad in sarongs and muu muus are expected to make merry under the palm trees.

Entertainment, in the grand style, will include Samoan knife dancers, ritual fire dancers and drum dancers, George Kainapau and his Hawaiian Serenaders will play the songs of the Islands and exotic Tani Marsh will dance. In addition there will be about a dozen entertainers, making their appearances on a stage which is to be erected across the steps that lead down to the swimming pool.

Sumptuous Hawaiian banquet food, like suckling pig, fish, pork and chicken, aspic, rings, baked bananas, papayas

and fresh pineapple and stuffed coconuts, whole salmon, lobster and shrimp, will be prepared by Chef Gerhard Knaak and his kitchen crew, in a lavish array, along with tropical drinks.

Low banquet tables lighted by candles in hurricane lamps will be spread with ti leaves. There will be leis and a hat maker to provide coconut hats. Everything is being done to make this monster luau as gay, romantic and exotic as a luau should be.

Houseguests for the past two weeks of the Axel Linuses, 1447 North Palm Canyon drive, were the Arthur Bahrs of Evanston, and Maejanart Farms, Lake County, Illinois. The Bahrs are leaving this week to return to their home in Illinois.

Among trustees of Chase School who are expected to attend will be Mrs. C. Thurston Chase, the Frank Bennetts, Dr. Everts Loomis of Hemet, the Terry Keeps of Los Angeles and the John Mickels of Scottsdale.

A feature of the entertainment will be music by the school's drum and bugle corps.

Mrs. Andreus Re-Elected Woman's Club President

Mrs. Boyd Andreus was re-elected president of the Palm Springs Woman's Club at the annual business meeting Monday afternoon. Other officers elected were: Vice-president, Mrs. Kota Henderson; Recording Secretary, Mrs. Robert Backstrom; Corresponding Secretary, Mrs. Chester Moorten; Treasurer, Mrs. Herbert Burns; House Chairman, Mrs. H. George Smith; Membership Chairman, Mrs. A. Hal Cornelius; Program Co-Chairmen, Mrs. G. B. Watson and Mrs. Claude Freeman; Press and Publicity Chairman, Mrs. C. L. Googler; Ways and Means Chairman, Mrs. Montague Herbert; Tea Chairman, Mrs. Keith Herbert; Hospitality Chairman, Mrs. Clare Kinne; Year Book Chairman, Mrs. Jack Singler; Scholarship Co-Chairmen, Mrs. S. P. Manasse and Miss Teresa Fields.

Reports of outgoing officers and chairmen were heard and on behalf of the outgoing executive board, Mrs. Daniel H. McCauley presented Mrs. An-

dreus with a gift in appreciation of her work as president of the club.

Members were reminded of the Easter Monday luncheon and card party at Deep Well Ranch and were urged to make reservations by calling 4282 or 6548 as the number of tickets for this event is limited to 200.

The musical portion of the program was presented by Marion Darlington, Concert Bird Singer, and Don Pratt, Master Trumpeter. This unusual combination of talents was greeted with interest, and Miss Darlington captured her audience with a demonstration of bird whistles which has made her the "Bird Voice Behind the Movies." Her stories of experiences in working with many directors and stars added to the program. Don Pratt proved his right to the title of Master Trumpeter with his beautiful tone which showed to advantage in solos and was particularly well adapted to duets with Miss Darlington. In a lighter vein his demonstration of antique and inventive instruments drew laughter from the audience.

Mrs. John Brill was tea chairman and she was assisted by Mmes. Jane C. Smilie, Charles E. Glass, Ward Hays, Walter Whittall, Claude Greenman and Henrietta Wolford. Mrs. William A. McCarty was in charge of decorations.

Garden Tour Is Enjoyed by Members

Bright desert sunshine and brilliant March flowers glorified the gardens visited Saturday by members of the Palm Springs Garden Club. White Iceland Poppies were outstanding in the garden of Miss Gladys McClure and the many varieties of camellias were interesting in the garden of Mr. and Mrs. Foster Simonsen. In colorful contrast were the Wedgewood Iris and yellow daffodils at the home of Rev. and Mrs. William Blonden. The tour concluded with tea in the garden of Mr. and Mrs. George Manington.

The guests included Mrs. Mary E. Hurrell, introduced by Mrs. Frank Bennett; Mesdames J. B. Brinley and M. Poolsloa, brought by Mrs. Thomas Holland; and Mrs. Frank Schilling, who was a charter member of the Club, but was unable to remain active because of her absence from the area.

The big, annual Gardens Tour of the Garden Club, which is open to the public, making it possible for them to see the spectacular or quiet beauty of some of the outstanding estates of the Village, will be held on April 6, with Fay Brainard as chairman of this always popular event.

The bride wore a white lace gown and carried a white orchid corsage. She was attended by Betty Abajian as bridesmaid and Charlie Survant as flower girl. Capacity Crowd Turns Out for First Nighter Dinner

"First Nighter," the dinner sponsored each week by Palm Springs Playhouse Guild, hit its all-time high in attendance this Tuesday evening. A group of 220 were crowded into the Racquet Club with a waiting list for a chance cancellation of over 40 more hoping to attend.

Reason for the unusually large crowd at this week's party was two-fold. First attraction was that the dinner guests went on to Palm Springs Playhouse to see the opening performance of guest star, Billie Burke, in "Mother Was a Bachelor," presented by Herb Rogers at the Palm Springs Playhouse. This play will be shown each evening at 8:40 p.m. through Sunday, with Miss Burke in the starring role.

Second reason for the large turnout was that Mrs. Thomas J. Fleming, vice president of the Guild, and the person who initiated the First Nighter Dinners, was hostess. She received in a silk print of pink and violet, fashioned with a full skirt and topped by a shocking pink velvet jacket.

Many dinner parties took in tables of eight and twelve: Mrs. Fleming was hostess to: Mr. and Mrs. Ray Horn, San Fran-

cisco; Mr. and Mrs. Albert Scott, San Diego; Beth Scott, Mrs. Austin McManus, Mrs. Charles Dant and Mr. and Mrs. William (Hilly) Crawford, Major and Mrs. Reuben Fleet with the E. K. Bishops presided over a table of eight. One no-host group included Mmes. Burnham Bigelow, Frederick Sundermann, Frank Bennett, George Wheeler, William Eisenman and Senora Adela Merry del Val.

Mr. and Mrs. A. K. Paul were hosts to the Carl Nordells, the A. R. Johnsons and the W. Millers. Mrs. Thomas Dant had among her guests Mr. and Mrs. Charles Runkle, Mr. and Mrs. Phillip Waite and the David Beattys.

Another no-host table included Mmes. Harry W. Clatworthy, Joel Stone, Lillian Murphy, Grace Fliespeth, Dwight Chapman, Grace Rattray and Steve Swanson. Mrs. John Lapp had as her guests Walter Braun-schweiger, Mrs. Russell Wilcox and Mark Walker.

Others having parties were: Mr. and Mrs. Jack Bligh and four; Mr. and Mrs. Earl Henderson, four; Mr. and Mrs. A. Dewey Carter, Mrs. Mildred E. Jackson, nine; Desert Isle Hotel, thirteen, Alcita Villa, nine.

Others noted in the crowd were: the John Luccarens, the S. P. Mannasses, Dr. and Mrs. Henry Dollard, the Barney Gen-genbachs, Miss Sally Lockett, Helen Stenborg, Paul Kelvin, Mr. and Mrs. Dan Flax, Mrs. Frank Gordon, Mrs. Cecille Corboy.

Also there were: Mary E. Hurrell with Mrs. Carl Soderberg, Mrs. James Ashman and Teddy Boggs, Mr. and Mrs. Daniel Tomlinson, with Dr. and Mrs. L. R. Choquette, Dr. and Mrs. Thomas M. Broderick and others.

Bunches of fresh violets tied with silver ribbons and place cards of silver with violets, marked the places at the luncheon table at a party given by Mrs. Henry S. Reid and Mrs. Dorothy Hoover at The Tennis Club on Saturday.

2nd Annual Charity Auction Reported Another Success

Officials of the Wednesday Night club were going over receipts and results of their second annual Charity Auction staged last Sunday at World Wars Memorial Hall and the figures and the division of funds to various charities will be announced then.

Max Grone, director of the auction, said, however, that preliminary surveys indicate that the receipts will exceed or at least equal the amount raised to buy new life-saving equipment for Desert Hospital with the surplus going to the Boys club and to various other

welfare agencies in the Village. A near capacity crowd was at World Wars Memorial Hall for the auction and the two items which brought the most spirited bidding were the toy poodle, donated by Mr. and Mrs. Oscar Stern and two annual passes to the Strebe theaters, donated by Earle Strebe. The poodle finally was sold for \$100 and the annual theater passes went for \$110.

Steps will be taken as soon as possible, Mort Weissman, president of the Wednesday Night club said, to present the Desert Hospital with a heart

machine and a wheel chair and for a contribution of athletic equipment to the Boys' club.

Any remaining proceeds will be donated to other welfare organizations here following a meeting of directors of the club.

Leo Fine was chairman of the the auction.

Chi Chi Cafe at 29 Palms Total Loss in Flames

Irwin Schuman's Twenty-nine Palms Chi Chi cafe, which was opened last fall, was totally destroyed by fire discovered at 4 a.m. Monday.

Loss was estimated at \$135,000.

The entire building, equipment and all of its contents, were lost in the blaze.

Origin of the fire has not been determined.

On The Trails

An appeal for safer trail crossings . . . on Highway 111 . . . was made in this column a short time ago. Upon meeting with no response, I visited the office of City Manager R. W. Peterson, to inquire if anything could be done about it, before it was too late. Not only did he agree that something should be done . . . but he immediately went about the business of doing it.

Today I have a copy of a letter from the city manager sent to C. V. Kane, district engineer of the division of highways in San Bernardino which states—

"We very much appreciated your letter telling us that the state will install equestrian crossing signs and markings on Highway 111 at Vista Chino and Sunrise Way. This will make the highway much safer for the horsemen and for automobile traffic. Thanks again for your assistance in this matter. Very truly yours, R. W. Peterson."

And so we, the trail-goers of Palm Springs, thank you Mr. Peterson.

The All Arabian Horseshow, which will be held here on Saturday and Sunday, April 2 and 3, is sponsored by the Desert Riders. But in addition, it should be sponsored as well by every loyal Villager. Sponsored in the sense that you attend this magnificent show.

You have always heard that the Arabian is the King of all horses. You have also heard that they are the Drinkers of the Wind. If you see the opening Native Costume Class of either day's performance—you will realize what it meant. You don't have to be a lover of horses to thrill to this spectacular sight. You don't have to be a horseman to enjoy the versatile classes that follow. If you are a visitor, you need only to be numbered among those who appreciate the finest entertainment under the sun. If you are a conscientious Villager, a willingness to participate in its support.

Every family should see this fascinating and informative showing of the Great Steeds of all times.

Our brokers also recommend this modern estate for an investment. There are three bedrooms with two baths, plus a maid's room and bath in the main house. A large swimming pool is just beyond the screened lanai. The guest house — two bedrooms and two baths — faces the tennis court. Luxurious landscaping assures complete privacy even though it's close to town. Owner will accept \$15,000 down, \$500 a month on principal. Total price \$75,000 furnished.

Billie Burke Sparkles at Playhouse

Broadway REALLY came to the desert on Tuesday night! Opening performance of Billie Burke in "Mother was a Bachelor" at Palm Springs Playhouse had the excitement and glamour of a New York first night celebration. Not only was there a packed house, but playgoers not able to get in after the seats were filled, stood around the outside terrace and begged to come in and stand throughout the play.

Those lucky enough to make the opening performance were presented one of the best plays yet produced by Herb Rogers and starring his regular cast along with guest star, Miss Burke, and a new child actress, little 11-year-old, Susan Seaforth, whose poise, timing and faultless performance are remarkable.

The play is set near the turn of the century and although it's a departure from the type of role Billie Burke has made famous, her performance shows her acting talent to even better advantage. As the spinster sister, Ellen Smith, who comes to take care of a big family in Iowa, she finds that instead of being appreciated, she is treated more as a servant than as a relative. Only highlights in her life are the daily visits of a neighbor child, Susan Seaforth, as Charleen (Charlie), whose reciting constantly of the Declaration of Independence serves to give Billie Burke the courage to rebel.

Supported by the Palm Springs Playhouse cast, outstanding performances are given by Jessie Glendinning, as Mrs. Pierce, who always was a little tipsy from the elderberry tonic she took; Sidney Brees, as George Pierce, father of the family; William Hughes, a newcomer added to the cast for this week's show, played the brother, George Pierce; Mary Foskett, as cute young Virginia Pierce out on her first date with the banker's son gets into great trouble on her all-night date (which is not as bad as it seems when explained); Robert Mandan, as the courting banker's son, Harlan Bushfield; Ed Matousek, as the very stern banker; and everyone's favorite, Michael Ferrall, as Christopher Joyce, father of little Charlie.

Two youngsters, not professionals but local children, Jim my Ritter and Nanny Scully, played their parts excellently. Next week, Herb Rogers will present the comedy, "Jane," by S. N. Behrman.

(Biltmore Photo by Bob Levin)

CONNIE BOSWELL, who just completed her first professional appearance and also her first visit to Palm Springs, stayed at the Palm Springs Biltmore. She is pictured here, relaxing poolside with her husband, Harry Leddy. In her own words, Connie said she was "a-lovin' every moment of it." Her parting words were that she hoped to return to Palm Springs as soon as her singing engagements will permit.

UNPARALLELED DESERT LIVING PLAN

By the original owner and creator of the
Smoke Tree Ranch Where the President Stayed

99 YEAR TRANSFERABLE LEASES ONLY \$5 month. BIG LOTS

HIDDEN SPRINGS RANCH

Thousand Palms, California. Only 12 minutes out of Palm Springs

Nothing comparable in the whole history of the Palm Springs area. Read the details. No one has anything to equal it. It's a Doyle development, insuring character. It's bona fide, financially sound, no strings or catches. Read the Sub-division Public Report of the State of California, Real Estate Division No. 6498.

FOR TAX REASONS the owner cannot afford to sell. Your gain. You use the land 99 years. You pay approximately 3% on the price of the lot if sold. You don't have a dollar tied up in land — use your capital to build a small weekend or permanent, artistic cottage at a very low investment. You can sell the lease and improvements. Easy to rent. Little housekeeping chores. Right among the big trees on Ramon Road. Same plan as Mr. Doyle used at Smoke Tree Ranch on the first 16 homes. Same as Irvine Estates on Balboa Island and Portuguese Bend, Palo Verde. Only Doyle has the land bought before inflation — 1938, utilities and resources for such an extraordinary living plan.

WATER, electricity, telephone, road, and natural gas to each lot. Only a 10 cent phone call to Palm Springs. In Palm Springs High School District — bus. Shopping center and grammar school. Post office 3 miles. Wind protected by mountains and huge trees.

BUILDING RESTRICTIONS: You can build a small, artistic cottage of long living room, bath and kitchenette for weekend or permanent use. No dollar or square foot restrictions but our architect must approve your exterior plans to protect you and the development.

CHARACTER: Designed for cultured retirement, ex-service intellectual and educational groups who seek desert living at modest costs among home-genial atmosphere.

TRAILER — CABANA — HOME SITES: Not a trailer camp but a reserved section for qualified trailer owners who may lease from 10 to 99 years, with utilities to site, improve with substantial combination cottage and trailer use similar to Sahara. Why pay \$35 to \$80 a month when your improvements are secured by a long lease, terminable at your option or salable if you quit. It's unique on this desert.

SWIMMING POOL AND RECREATION CENTER: When the limited quantity of available plots have been leased, Mr. Doyle will build a swimming pool at his own expense on land at the entrance to Hidden Springs Guest Ranch, deed land and pool clear and free to the lessees as the basis for their own community center.

Come and investigate. Suggest a name for the new development and get a free chance to win a \$50 prize for the winning name.

Take Ramon Road out of Palm Springs, cross Highway 99 and drive 3 miles up Ramon Road to the big trees. Ask for Mr. Doyle.
